

Iron, Steel, & Damascus With Gustavo Hoefs - Supply List

MATERIALS NEEDED:

- Safety glasses
- Strong bending pliers
- Heavy 1/2 round pliers
- #2 - #6 sawblades (not the 2/0-6/0)
- Small drill bits
- Stones
- Bezel stock
- Some heavy 18 ga FINE silver sheet 1" x 3"
- Assortment fine silver and gold (optional) 18 gauge wire
- Gold jewelry for recycling (optional)
- Sketch books
- Wet dry silicon carbide sand paper 220 and 400 grit.

If you have some square nails that are rusted or thin steel sheet that has been laying out bring that. Ahead of this class would be a great time to go metal detecting or take a trip around town early in the morning on a Sunday or a holiday when there is little traffic to look around at intersections.
