

# Metalsmithing/Stone Setting/Beautiful Jewelry Independent Study with Tracey Roedl - Supply List

---

Basic hand tools and a small torch are needed. See my suggestion list below. Similar items are fine. Students can purchase additional desired metals and tools from Riogrande.com /800-545-6566 or Gesswein.com/ Amazon.com etc.

Bring your favorite current projects/creative ideas/ tools to our Zoom class. We, as a group, will discuss our class project (participation optional) and then discuss each individual's personal design project ( if they chose not to do the class project). Each person decides which project/projects they want to work on. There will probably be a number of different projects going on simultaneously during class to share.

## **Tools : Riogrande.com / 800-545-6566 (\$approx)**
