

# RADICAL JEWELRY MAKEOVER

**JANUARY 13 - MARCH 24, 2022**

**Due to the success of the Radical Jewelry Makeover (RJM) event last year, Lighthouse ArtCenter (LAC) has decided to bring it back!**

We invite current and past LAC students, those who participated previously, and jewelry artists, to take part in this creative, exciting project for a good cause. The theme is the same; upcycled old or broken donated jewelry into fabulous pieces. Proceeds from this exhibition will support the RJM project, Ethical Metalsmiths, and Lighthouse ArtCenter's programs.

RJM started in 2007 with its mission to educate jewelers of all levels regarding mining and material sourcing issues involved in jewelry-making through fun, fast-paced projects.

The LAC Jewelry Department has **PLENTY** of donations from last year to incorporate into upcycled jewelry designs. However, we want to make sure there is enough for everyone wanting to participate so please make sure to register!
