

Lighthouse ArtCenter is ringing in the holidays with a special exhibition featuring the work of our talented faculty, and we are counting on you to show your most recent artwork.

Holiday shoppers will be encouraged to buy art for themselves and their loved ones (this will be a cash and carry show).

Faculty Vernissage also provides visitors and students the opportunity to become familiar with your work as they “shop” for whom they would like to take classes from in the new year.

- No limit to the number of pieces you may show, but please send only the highest quality of your most recent works.

- 2D works on paper do not need to be framed but must be matted and presented in a clear mylar envelope.
- 2D works on canvas, if unframed, must be gallery wrapped with D rings and a wire for hanging. No saw-toothed hangars.
- All works must be labeled front and back (see below).
- 3D pieces weighing more than 35 lbs. require the curator’s approval in advance.
- Curator reserves the right to hold back any pieces.
- Artists receive 60% of sales.
